

Hernando Quilters' Guild Newsletter

November/December 2014

Website: www.hernandoquiltersguild.com

President's Message

Dear Guild Members,

As I was thinking of what to write, it dawned on me that this is my last President's letter and I have to say, I would be president in a minute again (just give me a few years). I have had so much support from our board and members which has made being president a joy for me!

I want to thank Sharon Allard for sharing in this adventure with me. With me being a snowbird, it would have been impossible to serve on your board without help. We have worked extremely well together and are looking forward to being regular friends instead of calling each other just for guild issues (hee, hee). I was fortunate to have a very easy and congenial board to work with such as Nancy Jenkins, Sue Britton, Ava Rossler, Denise Jolliffe and Kathleen East. They gave 110% on serving your guild. An extra kudo for Kathleen East in that if you need something researched; she is the go to gal. She finds out so much information that it is almost hard to believe!!

Even though Barb Theriault is not on the board, she shows up for our board meetings to make sure your newsletter contains all important information. She is a wealth of information because of her experience throughout the years, being a constant in the ever changing board. I thank her for all her hard work and bringing her knowledge to the table.

Together we have seen our guild grow with ever increasing participation in so many things, which can only indicate that the board and committees are doing a GREAT job! Our Guild is evolving and keeping up with new ideas. We have faster moving meetings, classes that don't merely deal with quilting, but making a variety of items, a two day quilt show allowing us to bring in experts in our quilting and sewing adventure, and a monthly bulletin board displaying a variety of things to help keep you informed.

I think that having an assigned member greet new members and show them all that is going on, has been a great idea. It shows that a complaint **can** change us in a good way.

I think the picture directory has helped in putting a face with a name. I bring a printout to the meetings just in case I need to put a name with a face. It has been a great tool for me.

So in closing, let me thank YOU for letting me serve you these last couple of years! I look forward to returning from Michigan for my last two meetings and our Christmas luncheon before I turn over the reigns!

FONDLY,
Karen Pilon

Show & Tell

Scrap & Sew Trunk Show – By Tess Pokorny

Tess Pokorny from Scrap & Sew in Lutz presented us with a wonderful Trunk Show at our August meeting. She presented us with a history of how Scrap & Sew began and showed some really beautiful quilt patterns, placemat patterns, kits and live samples to spike our creativity. Thank you Tess and I know everyone enjoyed the show.

The "CARPETBAGGERS" graced us with a showing of their large Tote Bags they made at a class taught by Kathleen East. These bags have become very popular. Thanks to Esther Feil's husband for the wooden dowels and bag bottoms he made for each bag. Everyone added their personal touches to their bags. Great job ladies.

Sandy Davis was a busy beaver making these two beautiful Wedding Ring quilts. Really a lot of work. Good job Sandy!

Natalie Scott is showing this fantastic "Happily Ever After" Wedding Quilt and also her version of the Florida Row by Row Quilt. Great Job Natalie.

Nancy Jenkins is showing her Eleanor Burns pattern called "Pink Lemonade." Nice job Nancy.

Bonnie G is using up her scraps and this colorful piece is what she came up with. Cool!

Gene Chambers made this table runner from a Missouri Star website pattern called "disappearing hourglass" A real easy way to make stars. She might hold a class in this after the new year. Stay tuned.

Alma Martin is bringing in the Christmas season with these two quilts, the top one is Trip around the world in Christmas fabric and the bottom is a fan quilt done in Christmas fabric. Great Job Alma!

Tips / Tricks

REMOVING PENCIL LINES FROM FABRIC

Here's a great recipe to remove pencil lines from your quilt top:

1/4 cup water
 3/4 cup rubbing alcohol
 7-8 drops of Palmolive liquid detergent

Mix and apply with a toothbrush
 No other liquid detergent will work as well - you truly DO need to use Palmolive.

ATTACHING BINDING TIP

For anyone who uses a large Plexiglas bed on your sewing machine when you are quilting, or attaching binding, this tip is cool! The picture tells the story. I used this tip just last week and it really works very well. First time I did not have my binding on the floor and pulling it's weight on the machine bed.

Advantages of Scrap Quilts

You won't get bored making the same block out of the same fabrics.

You don't have to worry about finding perfectly matching fabrics; if you have nine reds (or any other color), the tenth will blend with the others.

If you decide to make a larger quilt, you just need to acquire more scraps and make additional blocks.

Scrap quilts can be made from your stash. Everyone knows that stash quilts are free.

You can buy any fabric you want and know that it can go in a scrap quilt.

Quilting Websites To Consider

- www.Quiltville.com This is a website owned by Bonnie K. Hunter. She's the Queen of Scrap Quilts. It's a wonderful website for ideas, patterns, quilt cruises and many other links. She also has an endless supply of free patterns for scrap quilts and a segment on tips and techniques. A wealth of information. Check it out.
- www.MissouriQuiltCo.com This website is the home of Missouri Star Quilting and they have all kinds of tutorials on You tube. They carry pre-cut as well as yardage from all the top designers. You can shop by Designer, by collection or by style. They offer patterns that work well with pre-cuts. They also offer daily shop specials. A great website that will keep you busy shopping and learning to your hearts content.

RECIPES

FRESH APPLE CAKE

Serving: One Sheet Cake

Ingredients

1 ½ cups oil
 2 cups white sugar
 3 eggs, well beaten
 1 tsp. vanilla
 3 cups all purpose flour
 1 tsp. soda
 1 tsp. salt
 1 tsp. cinnamon
 1 cup pecans, finely chopped
 3 cups fresh apples, peeled and chopped
 Mix oil, sugar, eggs, and vanilla

Add rest of dry ingredients. Stir well.

Add fresh apples and pecans. Mixture will be very thick.

Pour into greased and floured 11 x 13 pan.

Bake at 350 for 45 minutes to an hour. Cool then frost.

Frosting:

6oz. cream cheese
 2 T. butter
 2 tsp. vanilla
 4 cups confectionery sugar
 1 cup pecans, MIX WELL

This cake is VERY moist and gets better after the first day, so it's good to make ahead of time.

From Recipes: American Quilters Society

ADAPTABLE MEAL – Casserole

The nice thing about this is the adaptability – you can use chicken breast, chicken thighs, pork chops, all-meat pork ribs or all-meat beef ribs. Changing to one of the flavored dried onion soups adds variety, too. The recipe is adaptable and the results are great. Fix a salad with this and the meal is complete.

Butter

1 ½ cups of Uncle Ben's rice
 1 package Lipton's Dried Onion Soup
 1 can Campbell's Cream of Chicken and Mushroom soup
 1 ½ cups water

About a pound of your choice of meat: chicken breast or thighs, pork chops, all-meat pork ribs, all-meat beef ribs.

Preheat oven to 350 (or set for delayed baking.) Grease your casserole dish with a thin layer of butter. Spread the rice evenly on the bottom of the dish. Mix the soups and water together. Place the meat on top of the rice, then pour the soup mixture over – making certain that all of the meat is covered. Uncovered meat will dry out. Cover the casserole and place in the oven for 1 ½ hours.

Murphy's Laws for Quilters

1. On any given day the number of employees in a quilt shop is inversely proportional to the number of customers needing quick attention.
2. In cutting an intricate multi-piece block, your ruler will slip on the last side of the last patch.
3. When there is no time to do something right, there will always be time to do it over.
4. The value of any piece of fabric is directly proportional to the speed and ease with which you will ruin it.
5. In any mail-order shipment the item you need the most will be back-ordered.
6. Accidental destruction of a fabric will only occur to an expensive imported cotton, never to muslin bought at 50% off.
7. Fabric dyes will never run until the quilt has been completed.
8. A block with flawlessly straight sides, precision corners and perfect color placement will always be the wrong size.
9. When you finally have your sewing space in the empty bedroom exactly the way you want it your son, or daughter will move back home.
10. You will find the perfect fabric for your quilt only after it has been discontinued by the manufacturer.
11. The busier you are on any given day the greater the number of quilting inspirations you will want to try.
12. If a novice quilter decides to watch you use your rotary cutter, you will always ruin the fabric and cut yourself.
13. The top will always be completed and basted to the backing before you notice the one block that has a mistake in it.
14. The quilt-marking pencil that you tested on every fabric before you marked your quilt top won't disappear after you have completed the quilt.
15. You finally get a great idea for your Guild's challenge one week before the quilts are due.
16. No matter how much fabric you have bought, you are not going to have enough for the quilt you want to make.

GUILD CHALLENGE RULES Revisited

In order to have a clear vision of what is expected for the challenge, here are the two STEADFAST RULES that should apply every year. The person who is choosing the challenge must put these two rules in their instructions.

- 1) All challenge quilts must be made specifically for the challenge and made only within the challenge year.
- 2) All quilts must be no smaller than 16" x 16" and no larger than 40" x 60" (Crib Size).

All other instructions are up to the person running the challenge for that particular year.
